LINDSEY'S IMPROVED

BLOOD SEARCHER

AND Medical Discovery.

For the cure of Diseases Arising from an Impure State of the Blood.

THE QUESTION PARAMOUNT TO ALL others is, How can health be restored 1 out: And how preserved in a perfect state? The possessor of untold wealth, without health, is a miserable man; but the poorest peasant, with toil for his daily portion, possessed with brawny arm and

PURE BUOYANT BLOOD.

gushing through every vein, is blessed, in-deed.

No one can enjoy perfect health whilst the circulation is impeded and the blood thick with impurities.

To remove these is not only the aim of LINDSEY'S

Improved Blood Searcher AND

MEDICAL DISCOVERY, out when renovated to HEEP IT 80. That it is

JOHNSON'S

RHEUMATIC

No Medicine for the cure of Rheumatism has ever attained to such a high degree of favor and universally as Johnson's Rheumatic Compound. Although but one year before the public, this medicine has justiy gained an unbounded popularity. When the originator first introduced it he was convinced to first efficacy, but he little thought it was destined to prove such an inestimable blessing to the afflicted; but true merit can not be suppressed. The attestation of hundreds who have been cured by it must prove the truth of the assertion that it is

WORMS! SELLERS' VERMIFUGE

This Worm Medicine Has No Superior, If An Equal. Has No Superior, If Am Equal, in this or any other country, in this or any other country. Every year thousands of children die from this horrible evil. This alarming mortality loudly calls for increased watchfulness, and for Greater Cure in the Selection of the

LET PHYSICIANS SPEAH.

Sellers' Vermifuge The Best in Use. HERE IS THE PROOF:

HERE IS THE PROOF:

LICEING STATION, Ky., Dec. 17, 1845.

Mr. R. E. SELLERS.—Your Vermings possesses more virtue than any I ever used. I will state a case where I gave one vial. My brothers' child was printing and weaking to a mere skeleton. In thirty-six hours after I gave the Vermings, the enormous quantity of specar of six hundred worms were passed. The child that was given up for lost, is now as well as any in the neighborhood.

DAILY, by mail, one year,... six month three mon

Rocks to Washington, Mr. Garrett said:
The company's engineers have located two routes from the Point of Rocks to Washington, one via Bladensburg and the second directly into the city of Washington. By the latter route the distance will be but forty-two miles, being a reduction of the distance compared with that by the Relay House, of forty-nine miles. The latter location was made by the solicitation of his honor the Mayor and other leading citizens of Washington.

During its last session Congress refused to authorize any additional lines of road from Washington to Baltimore and after thorough examination the committee on the District of Columbia recommended the passage of an act in July last, which became a law on the 25th of that month, authorizing the entrance of the Metropolitan branch into the District of Columbia and to the city of Washington, under an agreement to be made with that city. The authorities of Washington appeared desirous that the more direct route should be selected instead of that via Bladensburg, and their conneils have now this subject under consideration, If they adopt satisfactory legislation, the Mayor of that city has been assured in accordance, with the views entertained by this board, that the line which they prefer shall be adopted. In reference to the C. O. Division, the President said:

In reference to the C. O. Division, th President said :

The Central Ohio Railroad Company cently presented to this company the bject of leasing that road, so that the ine might be under the same govern nent from Baltimore to Columbus. By be action, with singular unanimity, of that company and this board, an agree-ment, for the lease of that important work has been recently concluded which went into operation on the first of the present mouth. It is the design of this company at once to so strength and improve that road, and add to it

equipment and facilities, as will enable it to trained promptly and successfully a largely increased business. This believed that great advantages will regult to the city of Baltimore, and to the Bultimore and Ohio and Central Ohio roads from this unity of management and perfect co-operation. The officers of the Baltimore and Ohio Company are any making special arrangements to pronote the interests upon that road, as is he system upon its own line, and to urnish every practicable facility for he increase of its traffic and the develthe increase of its traffic and the development of its advantages. Opportunities are thus afforded by which increased inclities can be given to the business of the city of Wheeling with the West, and the careful efforts of this company will, in this connection, be given to advancing the interests of that important and improving city. More intimate relations will be secured and maintained with the great lines of railway centering at Columbus, and it

and maintained with the great lines of railway, centering at Columbus, and it is designed to secure increased advantages for prompt transportation of like the parties of the first part, and the freight and in improved connections minister married all four. The extra for passengers.

The lines running in connection with the Central Ohio road desired the arrangement which has been made, and this company is assured of their cordial and effective co-operation in increasing and improving the business and facilities of the route.

Of the advantages in distance, he

By the completion of the Pittsburgh

By the completion of the Pittsburgh and Steubenville road, in connection with the Steubenville and Indiana railroad, the Pennsylvania Company has been enabled to reduce its distance from Baltimore to Cincinnati to 647 miles, and from Washington to Cincinnati to 657 miles. The distance of our line via Graffon and Parkersburg, from Baltimore to Cincinnati as 588 miles and from Cincinnati to Washington, via the Relay House, 608 miles! It will be thus seen that the route via the Marietta and Cincinnati road is 61 miles less to Baltimore and 79 miles less to Washington than by the shortest line of the Pannsylvania pailroad. It has been detarmined by the Marietta und Cincinnati and the Baltimore and Ohio roads to avail fully of these advantages, by establishing, during the next season, first class independent trains to run through in such time as cannof fail to dommand that business for this superior route.

in such time as cannot set to command that business for this superior route.

The address was ordered to be entered upon the minutes, endorsed and approved and ordered to be printed in pamphlet form. The office of Vice President was created and John King, ir., Auditor and General Freight Agent, elected thereto. Wm. H. Ijams was greated that the approach of the policemen, and the fight was declared a draw.
